

5. Have you had any previous education or experience in biology or the natural sciences? (for our information only; this is not an expectation)

6. Will your current schedule be flexible enough to allow you to participate fully in our eight Saturday training program from March 11, 2017- April 29, 2017?

7. Will you be able to fulfill a commitment of two Saturday volunteer dates between May- July and lead an interpretive hike or talk, during one of those Saturdays, for two years after training? Please explain any significant restrictions or reservations (Note: as a Nature Guide, you will submit preferences for your volunteering schedule)

ACR Nature Guide training classes meet at the Martin Griffin Preserve on Saturdays from 9:30 AM to 2:00 PM from March 11 -April 29, 2017 (arrive at 9:00 for coffee and social time). There are also optional continuing education classes offered for Nature Guides. We encourage you to attend these classes when you are able.

The Martin Griffin Preserve public season program runs from May- July. Visitors come to the Preserve for Conservation Science Talks, Family Programs, Nature Connection events, hiking, picnicking, birding, pond exploration, etc.

I have a sincere interest in communicating a knowledge and appreciation of nature to visitors. I am aware of the commitment involved in becoming an ACR Nature Guide (as stated above) and I am willing and able to participate in the training and Public Season program.
