Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Audubon Canyon Ranch, Inc. as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of functional expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. NOTES TO FINANCIAL STATEMENTS
For the years ended June 30, 2014 and 2013

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - Audubon Canyon Ranch, Inc. (hereafter ACR, or the Corporation), a California nonprofit public benefit corporation, is a system of wildlife sanctuaries and centers of nature education in the counties of Marin and Sonoma, California. ACR has five primary properties: the Martin Griffin Preserve (formerly the Bolinas Lagoon Preserve), Bouverie Preserve, Cypress Grove Research Center, Mayacamas Mountain Sanctuary, Modini-Ingalls Ecological Preserve, and a number of other properties in Marin and Sonoma Counties. Audubon Canyon Ranch protects the natural resources of its sanctuaries while fostering an understanding and appreciation of these environments. We educate children and adults, promote ecological literacy that is grounded in direct experience and conduct research and restoration that advances conservation science.

ACR receives the majority of its support and revenue from public and private contributions and earnings from fund investments.

Basis of Presentation - Resources are classified for accounting and reporting purposes into three classes of net assets, according to externally imposed restrictions:

Unrestricted net assets - Net assets that are not subject to any donor-imposed restrictions. This class also includes restricted gifts whose donor-imposed restrictions were met during the fiscal year.

Temporarily restricted net assets - Net assets resulting (a) from contributions and other inflows of assets whose use by the Corporation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Corporation pursuant to those stipulations, (b) from other asset enhancements and diminishments that are subject to the same kind of stipulations, and (c) from reclassification from (or to) other classes of net assets as a consequence of donor-imposed stipulations, their expiration by passage of time, or their fulfillment and removal by actions of the Corporation pursuant to those stipulations.

Permanently restricted net assets - Net assets resulting (a) from contributions and other inflows of assets whose use by the Corporation is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Corporation, (b) from other asset enhancements and diminishments that are subject to the same kinds of stipulations, and (c) from reclassification from (or to) other classes of net assets as a consequence of donor-imposed stipulations.

Method of Accounting - The financial statements of the Corporation are prepared using the accrual basis of accounting, which reflects revenue when earned and expenses as incurred.

Cash and Cash Equivalents - Cash is defined as cash in demand deposit accounts as well as cash on hand. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and investments so near their maturity that the risk of changes in value due to changes in interest rates is negligible. These are generally investments with maturity dates within three months of the acquisition date.

Not included in cash and cash equivalents is cash restricted for use by donor instruction, which was \$55,321 at June 30, 2014, and \$133,466 at June 30, 2013.

NOTES TO FINANCIAL STATEMENTS
For the years ended June 30, 2014 and 2013

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions - Contributions are recognized when the donor makes a promise to give to the Corporation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Property, Equipment and Improvements - The Corporation records property and equipment in excess of \$2,000 at cost of acquisition or, if donated, fair market value at date of donation. Depreciation is recognized using the straight-line method over the useful lives of the assets, which range from 5 to 39 years for buildings and 5 to 10 years for equipment.

The Corporation reviews its investment in real estate for impairment whenever events or changes in circumstances indicate that the carrying value of such property may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the real estate to the future net undiscounted cash flow expected to be generated by the rental property and any estimated proceeds from the eventual disposition of the real estate. If the real estate is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of the real estate exceeds the fair value of such property. Because of the analysis of impairment, a building scheduled for demolition valued at \$85,000 was written-off during the year ended June 30, 2014.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes - The Corporation is exempt from federal and state taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701d of the California Revenue and Taxation Code, and is considered by the IRS to be an organization other than a private foundation. In the opinion of management, there is no unrelated business income.

Accounts, Pledges, Grants, and Bequests Receivable - It is the practice of the Corporation to expense uncollectibles only after exhausting all efforts to collect the amounts due. There is no allowance for doubtful accounts and management believes all amounts will be collected in full.

Subsequent Events - Subsequent events have been evaluated through January 20, 2015, which is the date the financial statements were available to be issued.

ASC 740-10, Accounting for Uncertainty in Income Taxes - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Corporation to report information regarding its exposure to various tax positions taken by the Corporation. The Corporation has determined whether any tax positions have met the recognition threshold and have measured the Corporation's exposure to those tax positions. Management believes that the Corporation has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state tax authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties assessed to the Corporation are recorded in operating expenses. No interest or penalties from federal or state tax authorities were recorded in the accompanying financial statements.

ACR's endowment consists of two investment accounts containing cash and cash equivalents, bonds, and equities established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Law - The Board of Directors of ACR has interpreted the California State Prudent Management of Institutional Funds Act (SPMIFA) as requiring, absent explicit donor stipulations to the contrary, the appropriation for expenditures or accumulation of so much of the donor-restricted endowment fund as the Board determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Consistent with this interpretation, ACR has classified as permanently restricted net assets of the donor-restricted endowment fund, (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund, if applicable. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA.

3. General economic conditions
4. The possible effect of inflation and deflation

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires the organization to retain as a fund of perpetual duration. There were no such deficiencies as of June 30, 2014 or 2013.

Investment Return Objectives and Risk Parameters

ACR has adopted investment objectives for endowment assets that attempt to provide consistent, predictable cash flows for ACR's programs and to preserve the purchasing power, or inflation-adjusted value, of the endowment. Endowment assets include those assets of the donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. The endowment assets are invested in a manner consistent with ACR's organizational and other documents and applicable law. The return objective is to produce a net average annual total return, over the long-term, equal to the change in the Consumer Price Index ("CPI") plus 4.5%. The performance of the portfolio is measured against an appropriate weighting of specific indices (such as the S&P 500 Index, Russell 3000 Index, MSCI EAFE Index, and Barclays Aggregate Bond Index), as determined by the Investment Committee. Actual returns in any given year may vary.

Strategies Employed for Achieving Objectives

The assets are invested in a manner consistent with the purpose and objectives stated above. The organization targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term objectives within prudent risk constraints.

Spending Policy and How the Return Objective Relates to Spending Policy

ACR has a policy of appropriating for distribution each year an amount equal to the sum of a) 30% of the average of the fair market value of the portfolio at the close of the preceding four quarters (ending June through March) multiplied by a factor of 0.045, plus b) 70% of the prior year distribution amount, adjusted for inflation, plus c) an adjustment for the amount of the gifts added to the endowment since the previous year's distribution amount was determined. Other withdrawals are only permitted at the authorization of the Board of Directors. In establishing this policy, the organization considered, among other things, the long-term expected return on its endowment. Accordingly, over the long-term, the return objective of the organization is for its endowment to produce a net average annual total return equal to the change in CPI plus 4.5%. This is consistent with the organization's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

NOTE 13 CONDITIONAL GIFTS

ACR is awaiting the final distribution of an estate liquidated during the year ended June 30, 2013. As of the report date, the trustee cannot estimate the remaining amount to be distributed from the “hold back” accounts, valued at \$223,000 at June 30, 2014, therefore no amount has been recorded in these financial statements.

NOTE 14 RISKS, UNCERTAINTIES AND CONCENTRATIONS

The Corporation relies on a significant amount of funding received in the form of donations and grants from individuals and foundations as well as investment income to support its operations. The current global financial markets and U.S. economic downturn may have an impact on the level of funding provided by these funding sources and the market value of marketable equity securities held by the Corporation. While it is impracticable to determine the impact of these events, management is taking steps to address potential changes in funding levels and reduce the Corporation’s exposure to impact from these events.

During the year ended June 30, 2014, the Corporation received a significant portion of its cash and non-cash support from one bequest. The estate was valued at approximately \$2.2 million, which was 29% of total income.
